ABOUT **SAMPATH IT**

Who we are

Sampath IT Solutions (SITS) is a technology subsidiary of Sampath Bank PLC, founded in 2006. For nearly two decades, we've helped businesses navigate complexity with smart, reliable IT. Blending deep technical understanding with genuine business understanding to deliver solutions that perform.

Built for Business. Proven Beyond Banking

Our roots in financial services set the bar high, security, uptime, compliance. We bring the same discipline to every client. Healthcare, telecoms, manufacturing, education.

The industries change. The standard doesn't

Our Mission

To be the most sought-after Information and Communication Technology provider by being Collaborative, Customer-Centric and Innovative with integrity

OUR VISION

Working together as ONE team to deliver winning solutions to our valuable clients and all stakeholders.

OUR SOLUTION **STACK**

Enterprise Solutions

Network security, infrastructure management, enterprise applications, and SOC2-compliant operations. Built for organizations where downtime is not an option and performance is non-negotiable.

Managed Services

End-to-end managed technology across connectivity, finance, security, workplace, and support. One trusted partner, five service pillars, and island-wide coverage keeping your operations running.

Software Solutions

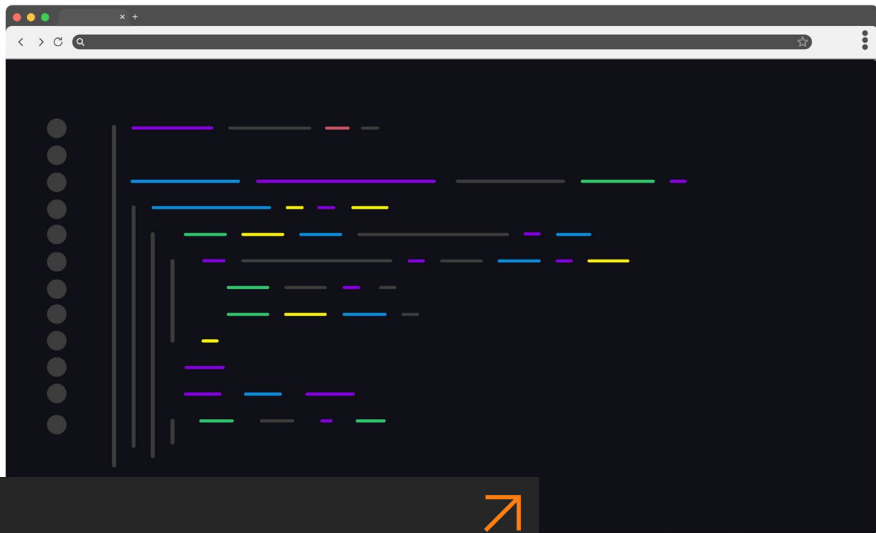

Purpose-built platforms and custom software tailored to your industry. From gold loan management and credit approvals to board governance and enterprise operations, we build what your business needs.

01

SOFTWARE SOLUTIONS

SOFTWARE KEY OFFERINGS

01

FULL STACK ENGINEERING

Custom software across web, mobile, and backend for any workload.

02

OMNI-CHANNEL SOLUTIONS

Unified customer experiences across every digital and physical channel.

03

MAINTENANCE & SUPPORT

Keep applications stable, secure, and performing after go-live.

04

INTEGRATION & MIDDLEWARE

Connect systems and data sources through scalable middleware layers.

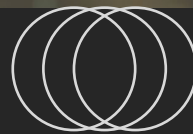

05

CONTRACT MANAGEMENT

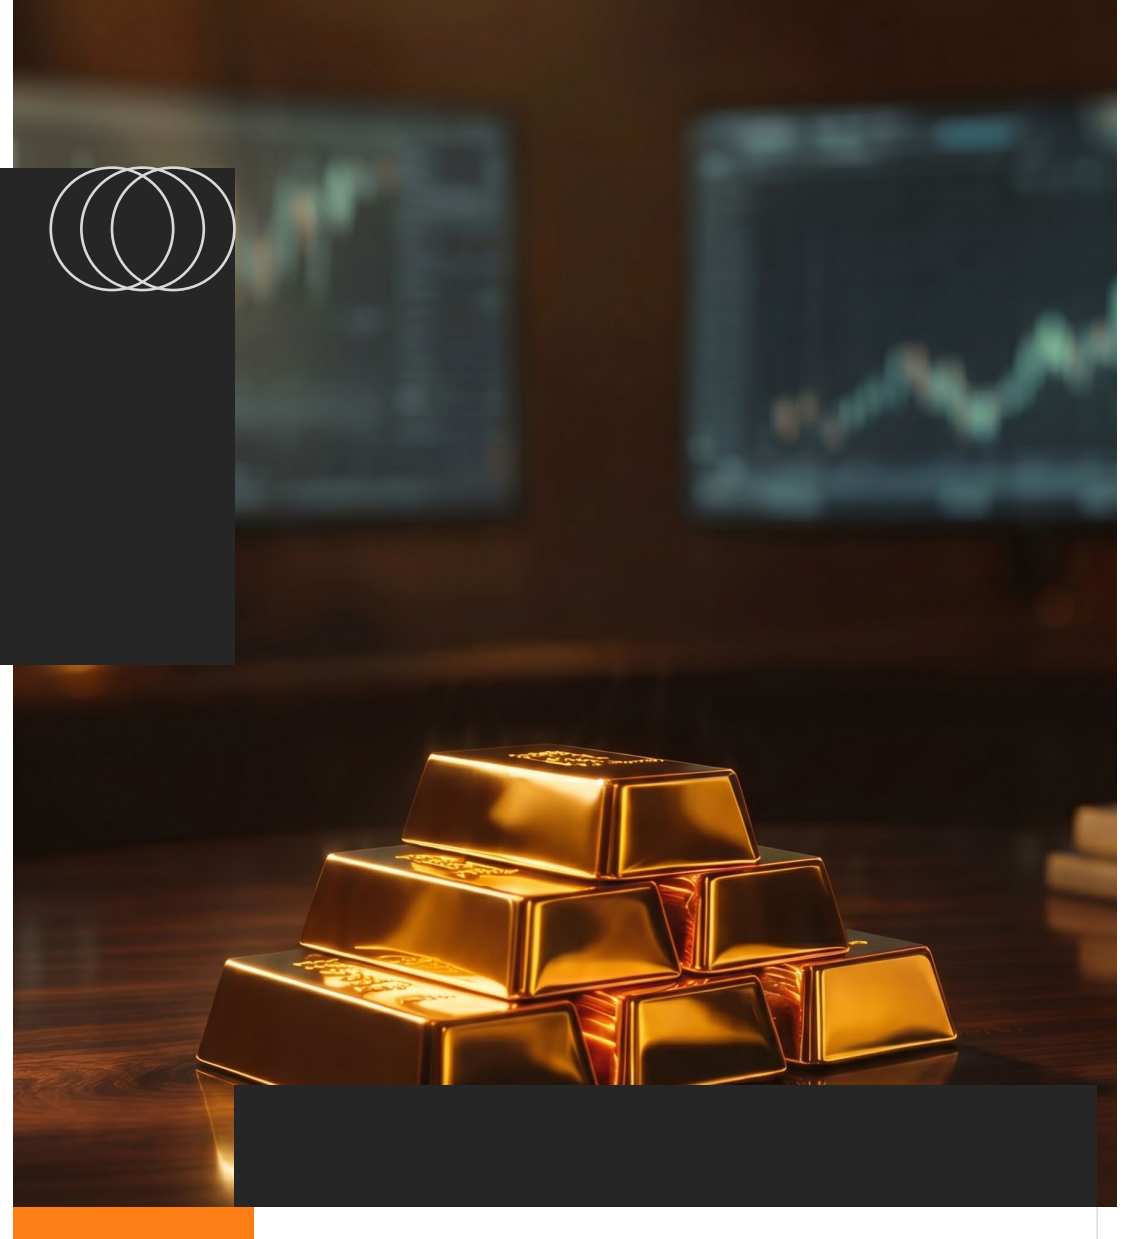

Flexible engagement models tailored to your scope and timeline.

PRIME

PREMIERE GOLD LOAN PLATFORM

- Real-time gold loan approvals with automated valuation & disbursement
- Deep reporting and analytics for portfolio visibility & risk management
- Predictive risk analysis to reduce exposure & flag anomalies early
- Seamless integration with core banking & branching operations
- Built for scale, handles high transaction volumes without compromise
- Fastest Platform capable of appraising articles under one-minute

RECENT CLIENT

GOLD LOAN PLATFORM DEPLOYMENT

Deployed Prime across Cargills Bank's branch network, enabling real-time gold loan approvals, automated valuations, and seamless core banking integration.

CULTURE HUB INITIATIVES

The collage illustrates various cultural and extracurricular initiatives at St. Xavier's College, Palayamkottai. It features:

- A student working on a computer.
- A young woman posing with colorful paper flowers.
- A group of school staff members standing together.
- A teacher assisting a student with their work.
- A group of staff members in formal attire.
- A basketball game being played outdoors.
- A large assembly of students wearing face masks.
- A presentation slide for "JOHN & LINE VAN DIJK HALL" dedicated to social service.
